**Wellness Expo 2002**

Several hundred students and staff joined over 50 exhibitors, consisting of UCF campus groups and community organizations, on March 6 for the 16th Annual Wellness Expo. The expo was sponsored by the Student Wellness Advocates Team (SWAT) and the Campus Wellness Center. The Expo offered many displays including a healthy cooking demonstration and tasting offered by the UCF Dining Services, therapeutic massages, air brush tattoos and music furnished by the student radio station WNSC. The event was held in the Recreation and Wellness Center.

The new Recreation and Wellness Center was a great location for this year’s expo. We were very pleased with the turnout and the enthusiasm shown by the students and staff who stopped by, said Mandla Huddie, assistant director, Student Health Services.

**Libra Resident Students Benefit Academically**

The Libra housing community recently hosted a Residence Hall Scholars reception. The reception was held to honor the outstanding academic achievement of the student residents in the Libra community that made the Dean’s List in the fall semester. Certificates of achievement were given out and light refreshments were served.

**SDES Offers Registration Support**

With the beginning of registration for summer 2002 classes, UCF students are using the new PeopleSoft registration system on POLARIS. To ease the transition, Academic Development and Retention (ADR), along with other offices from SDES, developed extensive support networks to assist students with on-line registration.

**Testing**

Extensive testing of the new system took place the week before “go live,” 100 staff members practiced on-line registration in PeopleSoft two different days. The Registrar’s Office organized this testing opportunity that prepared staff for using the system and for assisting students who might experience difficulties in the transition from the “old” POLARIS. It also provided Computer Services an opportunity to do troubleshooting and assess the load capabilities of the new system.

**Demonstrations**

Multiple sites and support services were prepared for students who, returning from spring break, began registering for summer classes. On March 18 and 19, the Registrar’s Office, assisted by SDES staff, held registration demonstrations in the Student Union and in Classroom One. “It’s Not Rocket Science” demonstrations were scheduled every half hour, providing information and support for student registration. Throughout registration, the Registrar’s Office is maintaining extended hours with additional Registrar Help Lines available to assist students.

**Outreach Program**

In a special Outreach Program, SDES staff members established help sites with laptop computers in front of the Student Union, outside the bookstore, and in the new Recreation and Wellness Center. Students experiencing difficulties, or just unsure how to navigate the new system, can stop by and see how it works, ask questions and get help with the process. The Student Success Center in Phillips Hall has opened its computer labs for registration assistance with advisors available to help. The Office of Transfer Services notified transfer students that computers and advisors are available to assist in the registration process. Some ADR staff will roam the campus computer labs to provide support and assistance throughout the early weeks of summer registration.

As the campus community migrates to the new PeopleSoft registration and student records system, all SDES units and staff are providing support, advice and assistance to those uneasy with managing the new registration process. Also, the Summer-Fall 2002 Web Guide is a valuable resource for students and clients, reports Kamm. Kamm says Howell’s attitude is contagious. Some sessions presented were:

- Children Count But They Don’t Vote. by former legislator Dick Batchelor.
- How to Get Your Organization Noticed, by a media panel including the members of the Orlando Sentinel and Orlando Business Journal.
- Building Community by Building Philanthropy by Community Foundations of Central Florida.
- Grant Writing 101, by Howell.
- Other workshops included budget development, developing and maintaining your donor base, faith-based funding, planned giving and Internet resources for grant opportunities.

**Libra Students**

The Libra housing community recently hosted a Residence Hall Scholars reception. The reception was held to honor the outstanding academic achievement of the student residents in the Libra community that made the Dean’s List in the fall semester. Certificates of achievement were given out and light refreshments were served.

**Come and Enjoy a Relaxing Evening Under the Stars**

Symphony Under the Stars will be held on April 4 at 7:30 p.m. at the Reflecting Pond. The Jacksonville Navy Band will be joining the UCF Orchestra and vocalists from the UCF Music Department.

**Music**

The UCF Orchestra will perform selections from classical pieces such as “La Boheme” by Puccini, “Carmen” by Bizet, “The Nutcracker Suite” by Tchaikovsky, “La Traviata” by Verdi and more. The Navy Band Southeast, out of Jacksonville, will be guest performers and will do a medley of patriotic songs.

**Outreach Program**

In a special Outreach Program, SDES staff members established help sites with laptop computers in front of the Student Union, outside the bookstore, and in the new Recreation and Wellness Center. Students experiencing difficulties, or just unsure how to navigate the new system, can stop by and see how it works, ask questions and get help with the process. Insight on Women with Disabilities gained from conference

Martha Bruno, Learning Disabilities coordinator for testing at Student Disability Services (SDS), attended a conference held by the UCLA Center for the Study of Women. There were principal speakers on the latest developments of disability and the intersection of feminist theory and formal physical. Bruno participated in sessions on the implications of women with disabilities on feminist theory, and the cultural and functional implications of disabilities for women. Discussions centered on how women with disabilities are stigmatized and how disability when perceived as deviance sanctions societal anxiety about difference. The objective of this conference was to advance how best to frame race, class and gender within the politics of disability that affects law, public policy and cultural representation. “This conference examined some of the many unique needs and challenges faced by women with disabilities which remain largely unrecognized, depriving our society of the talents and contributions of these individuals,” says Bruno.

Intramural Sports Participation Increases

Student participation in the Intramural (IM) Sports programs has increased across the board in spring 2002. The largest increase was in the Flag Football league, which tripled in size and expanded from a one-night-a-week game format to three nights.

Intramural Floor Hockey kicked off its first ever season in the Recreation and Wellness Center with 18 additional teams in 2002. Increases are expected in the Wrestling, Golf Scramble and Home Run Derby tournaments that will take place in April.

“I feel that the participation increase is partly due to the visibility of our programs now that we are located in the Recreation and Wellness Center, and the large volume of students that exercise here daily. Students are finding that there are many different opportunities for recreation, and they can choose an activity that they are comfortable with to help them achieve positive health and social benefits,” says Gary Cahen, intramural coordinator, Intramural Sports.

Summer Registration

The Class Schedules for summer and fall 2002 are available through the new ucf.edu Web site at: ucf.edu. Summer registration opens on March 18 by appointment. Appointments for full registration begin registration April 2. Students will register for classes on-line through the new ucf.edu. Through to least June 30, UC and state employees enrolled courses will be assigned an appointment time derived from credit hours earned and grade point average.

Residence Life Celebrates Black History Month

The Resident Assistants (RA) from the on-campus communities celebrate Black History Month by planning programs, events and designing bulletin boards. The RAs at the Libra Community hosted a dinner consisting of African American foods followed by the movie, “Soul Food.” The Lake Claire RAs hosted a soul food picnic in the Agastia Courtyard, A DJ provided entertainment and two guest speakers from the Alpha Kappa Alpha fraternity spoke regarding Martin Luther King’s legacy.

Academic Village hosted “Free Your Mind,” a celebration of historical photographs and a showing of the movie, “Rosewood.” The Student Government Association donated funds to pay for part of the art exhibit. All of these programs were well attended and reinforced UCF’s commitment to diversity programming in Residence Life.

Faculty Articulation Roundtables

Mark Posel, director of Transfer Services, and John Schall, assistant vice president of Academic Affairs, have organized a series of workshops that are designed to bring UCF faculty and chairs together with their counterparts from the region’s community colleges. The meetings foster dialogue on such issues as curriculum, pedagogy (the art of teaching) and academic preparedness, to ensure the smooth transition of students transferring to UCF.

In February, twelve computer science faculty members from five area community colleges met with UCF computer science faculty in a second workshop, 19 social sciences faculty from regional community colleges met with UCF counterparts. In addition, Transfer Services worked with the Art Department to arrange an information session for the community college art faculty. Art Department Chair Ke Francis and Assistant Professor Diane Banks presented the requirements for the four-year curriculum to the faculty.

Best Wishes to...

Amanda Frost, specialist in Student Counseling, is relocating to Phoenix. She has been at the center for six years, both as an intern and a member of the professional staff.

Cindy Blecha, specialist in Student Counseling, has taken a part-time position at Valencia Community College. Blecha has been instrumental in the collaboration with other campus units to help establish the university’s career counseling services and intervention protocols for first-year students.

Thank-you Partners

The Residence Life staff received over 300 resident assistant applications, the most in five years, according to Tricia Panarelo, area coordinator, says they could not have reached this goal without the commitment and support of their partners: the Burnett Honors College, Campus Wellness Center, Career Resource Center, Greek Affairs, Intramural Sports, LEAD Scholars Program, Orientation Center, Physical Plant, REACH, Peer Education, the career centers, and Office of Business Management. The staff thanks all the partners in this effort.

After an intensive, six-week recruitment campaign and two rounds of interviews, 35 resident assistant candidates were selected from 229 applicants to join the staff. Orientation to the new positions will be held on March 18. “We are proud of our 2002-2003 resident assistant staff who will serve our 6,500 residents,” says Panarelo.

“Adding Value to the UCF Experience”
With the beginning of registration for summer 2002 classes, UCF students are using the new PeopleSoft registration system on POLARIS. To ease the transition, Academic Development and Retention (ADR), along with other offices from SDES, developed extensive support networks to assist students with on-line registration.

Testing

Extensive testing of the new system took place the week before “go live,” as 100 staff members practiced on-line registration in PeopleSoft two different days. The Registrar’s Office organized this testing opportunity that prepared staff for using the system and for assisting students who might experience difficulties in the transition from the “old” POLARIS. It also provided Computer Services an opportunity to do troubleshooting and assess the load capabilities of the new system.

Demonstrations

Multiple sites and support services were prepared for students who, returning from spring break, began registering for summer classes. On March 18 and 19, the Registrar’s Office, assisted by SDES staff, held registration demonstrations in the Student Union and in Classroom One. “It’s Not Rocket Science” demonstrations were scheduled every half hour, providing information and support for student registration. Throughout registration, the Registrar’s Office is maintaining extended hours with additional Registrars, Help Lines available to assist students.

Outreach Program

In a special Outreach Program, SDES staff members established help sites with laptop computers in front of the Student Union, outside the bookstore, and in the new Recreation and Wellness Center. Students experiencing difficulties, or just unsure how to navigate the new system, can stop by and see how it works, ask questions and receive help with the process. The Student Success Center in Phillips Hall has opened its computer labs for registration assistance with advisors available to help. The Office of Transfer Services notified transfer students that computers and advisors are available to assist in the registration process. Some ADR staff will roam the campus computer labs to provide support and assistance throughout the early weeks of summer registration.

As the campus community migrates to the new PeopleSoft registration and student records system, all SDES units and staff are providing support, advice and assistance to those uneasy with managing the new registration process. Also, the Summer-Fall 2002 Web Guide is a valuable resource to students. In addition, Student Success Center staff demonstrated to a student how to navigate the new system in an Outreach Program in front of the Student Union. Pictured left to right: Annie Ware, assistant director of Career Resource Center; DeLaine Priest, director of Student Academic Resource Center, student and Mark Polsel, director of Transfer Services.

### SDES Offers Registration Support

**Dance, Dance, Dance…**

On February 23, the Campus Activities Board held the sixth annual Dance Marathon in the new Recreation and Wellness Center. The event is the largest student-run philanthropic event at UCF. Over 200 students were involved as dancers, volunteers or performers in the marathon. This year’s event raised $21,000, which will be donated to the pediatric programs at Shands Children’s Hospital at the University of Florida and Arnold Palmer Hospital for Children and Women, which treat more than 250,000 children each year. The members of CAB thank the students that participated, staff and faculty who supported the students’ efforts, event sponsors, and the Recreation and Wellness Center staff, who volunteered their time during the 18-hour event.

### Libra Resident Students Benefit Academically

The Libra housing community recently hosted a Residence Hall Scholars reception. The reception was held to honor the outstanding academic achievement of the resident students in the Libra community that made the Dean’s List in the fall semester. Certificates of achievement were given out and light refreshments were served.

**FACTS**

- 342 of the 1,027 Libra community student residents made the Dean’s List (33%). Of these students:
  - 92 (19%) had a GPA of 3.75 or higher.
  - 72 (7%) had a 4.0 GPA.

- 60% of the residents had a GPA of 3.0 or higher.

“The academic success achieved by the students is a testament to the high caliber of students UCF is attracting, coupled with excellent faculty, staff and student assistants that are here to support them both personally and academically. The daily commitment and resources provided by the RA’s and their resident students additionally adds to their successes,” says Jeff Novak, area coordinator, Libra community.

### SDES Breakfast Celebration

**Thursday, April 18**

8:00 a.m. – doors open
Pegasus Ballroom

Come join the fun at the 4th Annual SDES Breakfast Celebration. The breakfast buffet will begin at 8:15 a.m. followed by Yeans of Service and Operational Excellence awards, which begin at 8:30 a.m. Please R.S.V.P. with name, department and telephone number by April 11 to Linda Haynes at: 407-823-3154 or e-mail: lhaynes@mail.ucf.edu

**Come and Enjoy a Relaxing Evening Under the Stars**

Syphony Under the Stars will be held on April 4 at 7:30 p.m. at the Reflecting Pond. The Jacksonville Navy Band will be joining the UCF Orchestra and vocalists from the UCF Music Department.

The UCF Orchestra will perform selections from classical pieces such as “La Bohème” by Puccini, “Carmen” by Bizet, “The Nutcracker Suite” by Tschaikovsky, “La Traviata” by Verdi and more. The Navy Band Southeast, out of Jacksonville, will be guest performers and will do a medley of patriotic songs.

This event is free to everyone. Bring a blanket or lawn chair, picnic dinner and enjoy the music under the stars.
